

About Us

Cornerstone Construction Management provides construction management services throughout the greater Kalamazoo area and all of Southwest Michigan from our headquarters in Portage, Michigan.

A strong foundation is the fundamental component of a successful construction project, and is the principle behind the name Cornerstone.

Cornerstone Construction Management, Inc. was founded in 1993 as a construction management specialist and has grown steadily since.

Now a major force behind the commercial construction market in southwestern Michigan, we have an extensive list of completed projects numbering in the hundreds.

Our services include cost estimating, scheduling, value engineering, project management and quality control. We work closely with the owner, architect and construction team to ensure the success of each of our projects.

Cornerstone Construction Management, Inc. is committed to providing quality construction services in a timely and cost effective manner. Our strength lies in our experienced construction professionals who provide the highest quality and value for a variety of trades.
